

MGN-3

PROTOCOL

SERIOUS IMBALANCE: SEVERE DISEASE

3 grams (12 capsules) per day for three weeks. Then 1 gram (4 capsules) per day until the problem is resolved.

- 1st month would be approximately 6 bottles.
- 2nd month on 1 gram (4 capsules) per day. Approximately 2 bottles.

DAILY MAINTENANCE:

1 gram (4 capsules) per day.
Approximately 2 bottles per month.

MGN-3 is best taken before or after meals. Divided into 2-3 equal doses.

The following conditions require strengthened immunity:

stress	pollution
poor diet	allergens
medications	insufficient rest
heredity	surgery

MGN-3 is a important food supplement for a variety of situations:

- General Health Maintenance
- Severe Disease
- Viral Infections
- Bacterial Infections
- Diabetes
- Inflammatory Conditions
- Allergies
